- Cork for bottom of coasters
- Make-Up sponges and sea sponge
- Decorative handle & hardware to attach
- Masking tape
- ruler
- toothpicks

Stampbord Featured How-to

June 2008

Designer: Lisa Rojas

Stampbord Box Clock "Time Goes On"

Step 1: Remove the lid from the 5"x5" Stampbord Box Kit. Cover the top of the lid entirely with making tape, leaving the wood sides exposed. Paint the wood sides with Brass Lumiere paint. Then, remove the tape from the top of the lid and set aside to dry.

Step 1

Step 2: Paint the entire bottom of the box with brass paint. Apply a second coat to the box and also the lid with a sea sponge to give them each a textured look.

Step 2

Step 3: Using a ruler, find the center of the box lid. Drill a hole in the center of the box lid with a hand drill and a 5/16" drill bit.

Step 3

Step 4: On the top of the box lid, stamp the large clock, small clock, woman, keys and the ink bottle stamps using the Plum Wine inkpad. Stamp "Time" using the Black inkpad. Stamp the scroll border on the sides of the box lid using the black inkpad.

Step 4

Step 5

Step 5: Randomly stamp images onto the sides of the bottom of the box using the Plum Wine inkpad. Using a make-up sponge, lightly dab around the box edges using the Plum Wine inkpad.

Step 6

Step 6: Using the gold leafing pen, paint the outer edges of the 2.5"x3.5" oval Stampbord piece. Stamp "Time" on the oval piece with the Black inkpad. Dab the top edges of the oval piece using the Plum Wine inkpad, with a make-up sponge.

Step 7

Step 7: Dabbing lightly, apply the brass paint to the outer edges of the oval piece with a sea sponge. Using wood glue, adhere the oval piece to the front of the bottom of the box.

Step 8

Step 8: Sponge the top edges of the box lid using the Plum Wine inkpad, with a make-up sponge. Apply Brass paint to box lid with a sea sponge, dabbing lightly. Spray Krylon sealer over the entire box and box lid for permanence. Let dry.

Step 9: Drill two holes with a 5/16" drill bit in the front of the box lid and attach the handle with the corresponding hardware. Attach clockworks to the top of the box lid, following the manufacturer's instructions. Add hinges, provided in kit, to the back of the box to attach the lid.

Step 9

Step 10: Using a toothpick to hold them, paint the wooden candle cups with Burgundy Rose Delta acrylic paint. Let dry. Spray Krylon sealer over wooden candle cups for permanence. Let dry. Adhere the candle cups to the bottom of the box using wood glue.

Step 10

Step 11: On all four coasters, randomly stamp the large clock, woman, ink bottle and keys stamp using the Plum Wine inkpad. Stamp "Time" four times on the coasters, randomly, using the black inkpad. Use the gold leafing pen around the outer edges of the coasters.

Step 11

Step 12

Step 12: Sponge the top edges of the coasters using the Plum Wine inkpad. Apply brass paint with the sea sponge to the coasters, dabbing lightly. Spray Krylon sealer on the coasters. Let dry.

Step 13

Step 13: Apply The Ultimate! Glue to the back of the coasters. Place each of the coasters on top of a piece of cork. Let dry. Lay the coasters, with the cork still attached, onto a cutting mat. Trim away excess cork with an X-Acto Knife, using the edge of the coaster as a guide. The cork will prevent the coasters from slipping when being used.

Step 14: Tie assorted fibers and charms to the handle of the box to embellish. Place the finished coasters inside of the box. You now have a beautiful clock and coaster keepsake box.

Step 14
